Knowing
where to go
helps you get
the right care
faster!

1 PREVENTATIVE Stay Healthy

Routine care to
keep you well.

- ✓ Annual check-ups
- ✓ Screenings
- ✓ Vaccines
- ✓ Healthy lifestyle

Ask yourself: ♥

Am I due for a check-up or screening?

2 ACUTE Current Concern

New or sudden
problems that need
timely care.

- ✓ New symptoms (cough, fever, etc.)
- ✓ Minor injuries
- ✓ Possible infections
- ✓ Not life-threatening

Ask yourself: ♥

Is this a new problem? Do I need to be seen soon?

3 CHRONIC Ongoing Conditions

Long-term conditions
that need regular
care and monitoring.

- ✓ Ongoing conditions (diabetes, BP, asthma, etc.)
- ✓ Medication management
- ✓ Follow-up visits
- ✓ Track your progress

Ask yourself: ♥

Do I have a long-term condition that needs regular care?

4 EMERGENT Act Now

Serious problems that
need immediate care.

- ✓ Chest pain or trouble breathing
- ✓ Severe bleeding
- ✓ Sudden weakness, numbness, or trouble speaking
- ✓ Severe injury
- ✓ Go to the ER or call 911

Ask yourself: ♥

Is this a serious or life-threatening emergency?
