

Patient 101: Lesson 10

Same knowledge.
Brighter days.
You've got this! ♥

What You Just Learned All Nine Lessons in One Page

Semester One Master Cheat Sheet

Empowering Health Together ♥

You've walked
through the entire
Self-Advocacy
Study Ladder! ♥

Advocacy is not a single
appointment — it is a
lifelong habit. You are
officially your own best
health advocate. ♥

Pillar 1: The Foundation

Build confidence. Start with simple steps.
(Lessons 1 – 3)

1 Lesson 1: The Skill Gap

Being lost is a learnable
skill gap, not a personal failure.
Let's shift from self-blame
to organized preparation.

2 Lesson 2 The Top 3 Rule

Your doctor can't fix ten
things in one visit. Dump it,
rank it down to 3, and say
them in the first 30 seconds.

3 Lesson 3 The 4 Doors of Care

Match your concern to
Preventative, Acute,
Chronic, or Emergent care
so you get to the right door
at the right time.

The right care. At the right time.
Less stress. Better outcomes. ♥

Pillar 2: The Visit Itself

Be prepared. Participate. Get answers.
(Lessons 4 – 6)

4 Lesson 4 3 Things to Bring

Bring your timeline, full
medication list (with doses),
and written questions.

5 Lesson 5 Care Follow-Through

Know the plan, get target dates,
and get direct callback numbers.
The visit isn't over when you
walk out.

6 Lesson 6 Post-ER Loop-Closer

Schedule fast, transfer records,
and bring your physical
discharge papers. Close the loop
so nothing is missed.

Be informed. Be proactive.
Keep the care moving forward. ♥

Pillar 3: The Follow-Through

Stay engaged. Ask. Follow up. Advocate.
(Lessons 7 – 9)

7 Lesson 7 Reading Lab Results

Flagged ≠ emergency.
Look at the trend, not one number.
Stop Googling and ask questions
in the morning.

8 Lesson 8 The Waitlist Check-In

Confirm your spot, ask for
cancellation lists, and check in
with kindness. A 60-second call
can move you up.

9 Lesson 9 Caregiver Guide

Get HIPAA authorization on file
first and maintain a shared
family record. Same team.
More support. Brighter days.

Stay in the loop. Be the voice.
You make a difference. ♥

What to Do Today (One Small Move)

- ☐ Pick ONE tool to try at your very next appointment (e.g., The Top 3 Rule).
- ☐ Save your phone scripts and pre-visit prep sheet to your phone or folder.
- ☐ Keep this 1-page roadmap as your lifelong refresher.

Progress
happens one
healthy choice
at a time! ♥

You are more prepared than you were yesterday,
and that makes a difference! ♥
